> Holloway's Pills have effectually cured a Liver Complaint of a most hopeless nature.

Mr. Thomas Clark, of Lake George, New South Wales, was seriously afflicted for years with a liver complaint. His medical attendants, after trying all their skill, candidly gave their opinion that his case was hopeless. In this situation, and when ex-pecting that every day would terminate his earthly career, a friend recommended him to try Holloway's Pills, assuring him that he knew a person who was cured by them of that complaint. He adopted the advice, and found speedy relief from taking them, and was in a short time perfectly restored to health. NAVAL STORES .- Our last week's review left the Turpentine, market in a firm state, and the article in good demand at \$2 80 for yellow dip. The receipts of the week have been light, reaching only Scratches, Wind-galls, Saddle galls, Cracked heels, Stiffness, or about 1,561 barrels, and sales as follows:

L. H. PIERCE July 15, 1853 WORLD'S FAIR PREMIUM DAGUERREOTYPES.

THE public are respectfully invited to call and see those wonderful Sterescopic or Solid Daguerreotypes at WHITEHURST'S Gallery, 77 Main street, Richmond, whether they sit for them or not. They are truly the worder of the age. Sterescopy, or the art of giving to pictures on a flat surface the appearance of all the solidity and roundness of life, has been pronounced, by scientific men, the most wonderful discovery ever made in optics. The effect is really magical, beyond conception The picture appears nearly the ze of life, and stands out in alto relievo, like a piece of sculpture, or the living being. Likenesses taken by this extraordinary improvement, may now be had at WHITEHURST's Galleries. They may be found in many of the principal ci ties of the Union.

Mr. W. has the honor to announce that he has just received another highest premium, a medal at the Fair of the great National Metropolitan Exhibition, which closed on the 19th March, at Washington, D. C. Also, two medals from the World's Fair, London, three others at Maryland Institute Fairs, and a premium at the great Exhibition at Castle Garden, New York, thus showing the great superiority of WHITEHURST'S DAGUERREOTYPES. Dover, N. H , Jan. 26, 1853 Messrs. A G Brage & Co.-I had a valuable horse that about three weeks since was wounded severely in his thigh, with a sharp hook, opening a gash three inches in length and an inch or more deep. I tried various articles to heal it, but inflamation getting into it caused large quantities of matter to collect, and the limb was quite stiff. A friend of mineasked me if I had tried the Mustang Liniment to which I replied in the negative, but thinking it might do some good, was induced to try it. I had only used one half bottle when the inflamation began to be removed and the wound to heal. Now it is entirely healed and the hair s growing over the wound, making it look as well as ever -Hoping that others may be benefitted by a trial of your valuble ompound, I remain yours, CHAS. E.
